Subject Coverage

All manuscripts must be prepared in English, and are subject to a rigorous peer-review process. Accepted papers will immediately appear online followed by printed hard copy. The journal publishes original papers including but not limited to the following fields:

- Basic Biology and Breast Cancer
- Biomarkers of Breast Cancer
- Breast Cancer and Metabolic Syndrome
- Cellular Research in Breast Cancer
- Drug Development in Breast Cancer
- Enhanced Survival and Quality of Life for Breast Cancer Patient
- Genetic Basis of Breast Cancer
- Health Services Research in Breast Cancer Care
- Imaging Studies of Normal Breast and Breast Diseases
- Models of Breast Carcinogenesis and Prognosis of Breast Cancer
- Normal Mammary Gland Biology
- Radiotherapy in Breast Cancer

We are also interested in: 1) Short reports—2-5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data; 2) Book reviews—Comments and critiques.

Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
