

TABLE OF CONTENTS

Volume 4 Number 1

February 2014

Logarithm of a Function, a Well-Posed Inverse Problem	
S. R. Mora, V. A. C. Barriguete, D. G. Aguilar.....	1
Inverse Bayesian Estimation of Gravitational Mass Density in Galaxies from Missing Kinematic Data	
D. Chakrabarty, P. Saha.....	6
Inverse Problem on Heat Conduction in Heterogeneous Medium	
A. Schwab.....	30
On the Generalization of Seismic Tomography Algorithms	
M. Dobróka, H. Szegedi.....	37

The figure on the front cover is from the article published in American Journal of Computational Mathematics, 2014, Vol. 4, No. 1, pp. 30-36 by Albert Schwab.
