

Special Issue on Business and Operations Management

Call for Papers

Business operations covers a broad range of activities, which are procedures and resources necessary for running a business. It refers to everything a firm does day-to-day to keep running and making money. The goal of this special issue is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in the area of Business and Operations Management.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **Business and Operations Management**. Potential topics include, but are not limited to:

- Accounting
- Business administration
- Business entities
- Business formation
- Business intelligence
- Business strategy
- Business physical operations
- Business intangible operations
- Commercial real estate
- Corporate governance
- Corporate law
- Finance
- Intellectual property
- Inventory management
- Marketing
- Order management
- Production equipment and maintenance
- Proprietorship
- Sales
- Tax

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - *Industrial Economics and Sustainable Development***” should be selected during your submission.

Special Issue Timetable:

Submission Deadline	October 18th, 2022
Publication Date	December 2022
