

Special Issue on International Business and Management

Call for Papers

International Business and Management refer to the study of business operations and activities that transact across national borders. It involves the analysis of the different business environments, cultures, and regulations of distinct countries or regions. The goal of this special issue is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in the area of International Business and Management.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **International Business and Management**. Potential topics include, but are not limited to:

- Globalization
- Exporting and importing
- Emerging markets and economies
- Foreign investment
- Foreign market
- Global purchasing and logistics
- Global trade, sales and marketing
- International trade and investment
- International banking
- International finance
- International travel and communications
- International entrepreneurship
- Multinational corporations
- International negotiation and conflict resolution

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - *International Business and Management***” should be selected during your submission.
