

Special Issue on Industrial Management and Innovation

Call for Papers

Industrial Management and Innovation focuses on the evolving strategies, technologies, and practices that drive efficiency, competitiveness, and transformation in industrial environments. This theme invites original research and case studies on topics such as production management, supply chain optimization, quality control, technological innovation, lean manufacturing, and digital transformation in industry. It also explores the role of leadership, organizational behavior, sustainability, and innovation management in fostering adaptive and forward-thinking industrial systems. Contributions are encouraged from scholars and practitioners aiming to address contemporary challenges and opportunities in the global industrial landscape.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **Industrial Management and Innovation**. Potential topics include, but are not limited to:

- Change management
- Digital transformation
- Human resource development
- Industrial engineering
- Innovation strategy
- Knowledge management
- Lean manufacturing
- Operations research
- Organizational behavior
- Product development and design
- Production management
- Project management
- Quality management
- Supply chain management
- Sustainability in industry
- Technology management

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research

field “**Special Issue - *Industrial Management and Innovation***” should be selected during your submission.

Special Issue Timetable:

Submission Deadline	October 23rd, 2025
Publication Date	December 2025

Guest Editor:

Dr. Mohammad Taleghani
Islamic Azad University, Iran
