

Table of Contents

Volume 12 Number 1

January 2021

A Mathematical Model for the Effect of Enzymes on Metabolism of Pharmacologically Active Substances

D. A. Drew.....1

General Expressions for the Circular Constant π

C. Y. Ma.....18

Stochastic Model for the Spread of the COVID-19 Virus

M. Elhiwi.....24

The Existence of Periodic Solutions of a Class of n -Degree Polynomial Differential Equations

N. Hua.....32

An Analytic Approximate Solution of the SIR Model

I. Lazzizzera.....58
