

Special Issue on Innovations in Higher Education

Call for Papers

Innovations in Higher Education is an interdisciplinary academic field that explores emerging approaches, technologies and strategies aimed at improving teaching, learning, research and institutional management in higher education. It examines topics such as digital learning, artificial intelligence, curriculum innovation, student engagement, assessment methods and educational policy. The field seeks to enhance educational quality, accessibility, inclusiveness and graduate preparedness in response to evolving societal, technological and workforce demands.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Innovations in Higher Education**. Potential topics include, but are not limited to:

- Teaching methods and pedagogical innovation
- Technology integration in higher education
- Digital and online higher education
- Artificial intelligence in higher education
- AI-enhanced personalized learning
- Immersive and experiential learning technologies
- Competency-based education
- Educational psychology
- Curriculum innovation and program development
- Student engagement and learning experience
- Learning analytics and educational data mining
- Assessment and evaluation innovation
- International and comparative higher education
- Faculty development and teaching innovation
- Higher education leadership and institutional transformation
- Equity, inclusion and accessibility in higher education
- Sustainable education models
- Student affairs and support services
- Higher education policy and governance
- Higher education finance and economics
- Skills-based education and workforce alignment
- University–industry collaboration and workforce development
- Higher education's role in society and community engagement

Authors should read over the journal's [For Authors](#) carefully before submission.

Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Innovations in Higher Education**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	October 27th, 2026
Publication Date	December 2026
