

Special Issue on
Excellence, Innovation & Creativity in Education
Call for Papers

Excellence, Innovation & Creativity in Education is an interdisciplinary academic field that explores approaches to enhancing educational quality through innovative practices, creative teaching methods and transformative learning environments. It examines curriculum innovation, digital technologies, creative pedagogy, teacher development, student engagement and educational leadership. The field aims to promote excellence, foster critical thinking and creativity, and develop adaptive education systems that prepare learners with the skills and competencies needed for future challenges.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Excellence, Innovation & Creativity in Education**. Potential topics include, but are not limited to:

- Innovative Teaching Methods and Pedagogical Approaches
- Digital Transformation and Educational Technology
- AI-Augmented Personalized Learning
- Creativity Development and Creative Learning
- Creative Classrooms and Learning Environments
- Innovation in Competency-Based Education
- International Education and Comparative studies
- Innovative Collaborative Learning
- Talent Development and Gifted Education
- STEAM Education and Transdisciplinary Integration
- Curriculum Innovation and Educational Reform
- Teacher Professional Development and Innovative Leadership
- Student-Centered Learning and Engagement
