

TABLE OF CONTENTS

Volume 4 Number 10

October 2012

Method for Segmenting Tomato Plants in Uncontrolled Environments	
D. L. Hernández-Rabadán, J. Guerrero, F. Ramos-Quintana.....	599
Fabrication of an Fluid Circuit for Equal Filling of a Well Array	
C. S. Lengsfeld, R. S. Fulstone, M. J. Opgenorth.....	607
Hybrid Method for the Formation of Biocomposites on the Surface of Stainless Steel Implants	
S. I. Tverdokhlebov, V. P. Ignatov, I. B. Stepanov, D. O. Sivin, D. G. Petlin.....	613
Temperature Effect on Elasticity of Swollen Composite Formed from Polyacrylamide (PAAm)-Multiwall Carbon Nanotubes (MWNTs)	
G. A. Evingür, Ö. Pekcan.....	619
Analysis of Medical Waste Incinerator Performance Based on Fuel Consumption and Cycle Times	
S. V. Manyele, I. S. Kagonji.....	625
An Experimental Study on a Characteristics of Flow around Groyne Area by Install Conditions	
J. Kang, H. Yeo, C. Kim.....	636
Rolling Fatigue Test of Large-Sized UHPC Member for Cable Stayed Bridge	
J.-R. Cho, Y. J. Kim, J. S. Park, E. S. Choi, W. J. Chin.....	646
Using Stochastic Colored Petri Nets for Designing Multi-Purpose Plants	
H. Hosseini-Nasab, A. Sadr.....	655
Multi-Objective Optimization of Pilots' FFS Recurrent Training Problem	
M. G. Gao.....	662
CFD Simulation of Scale Influence on the Hydrodynamics of an Internal Loop Airlift Reactor	
R. Davarnejad, E. Bagheripoor, A. Sahraei.....	668
Three-Level Control of a Distillation Column	
L. Szabó, S. Németh, F. Szeifert.....	675
Assessing Sprinkler Irrigation Performance Using Field Evaluations at the Medjerda Lower Valley of Tunisia	
S. Yacoubi, K. Zayani, A. Slatni, E. Playán.....	682
Customized Foot Orthosis Development by 3D Reconstruction of the CT Images	
S. K. Paul, S. Sivarasu, L. Mathew.....	692
Design of Equal Precision Frequency Meter Based on FPGA	
Y.-Y. Fang, X.-J. Chen.....	696
Application of Hyperspectral Band Elimination Technique to PVT Images of Composite Structures	
M. Z. Iskandarani.....	701

The figure on the front cover is from the article published in Engineering, 2012, Vol. 4, No. 10, pp. 607-612 by Corinne S. Lengsfeld, Rachel S. Fulstone and Matt J. Opgenorth.
