

Special Issue on Recent Progress in Solar Cells

Call for Papers

The goal of this special issue is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in area of Solar Cells.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **Recent Progress in Solar Cells**. Potential topics include, but are not limited to:

- Solar cells
- Solar energy materials
- Optical properties of materials
- Semiconducting materials
- Organic photovoltaics
- Photothermal devices
- Photoelectrochemical and photochemical devices
- Solar energy conversion
- Light control and energy systems

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - Recent Progress in Solar Cells**” should be selected during your submission.

Special Issue Timetable:

Submission Deadline	March 6th, 2017
Publication Date	May 2017
