

Special Issue on Health, Well-being and Quality of Life Call for Papers

Health, Well-being and Quality of Life is an interdisciplinary field examining the physical, mental, social and functional dimensions of health and their influence on overall quality of life. It encompasses health promotion, disease prevention, healthy lifestyles, psychological well-being, social determinants of health, healthcare access, aging, disability and community health. Research explores strategies and interventions that enhance individual and population well-being, resilience, healthy functioning, and long-term quality of life.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Health, Well-being and Quality of Life**. Potential topics include, but are not limited to:

- Healthy behaviors, disease prevention and QoL
- Health-related quality of life
- Measurement, psychometrics and Quality of Life
- Mental health and psychological well-being
- Patient-reported outcomes & clinical QoL research
- Public health, epidemiology and community health
- Positive psychology and well-being science
- Chronic disease and quality of Life
- Digital health and technology for QoL
- Global health and development
- Precision medicine and personalized QoL
- Occupational health and well-being
- Nutritional science
- Disability, rehabilitation and functional health
- Environmental health and QoL
- Aging, gerontology and Quality of Life
- Palliative and supportive care
- Healthcare access and patient-centered care
- Health economics and economic evaluation of QoL
- Health policy and health systems performance
- Well-being, resilience and healthy living
- Social determinants of health and QoL

Authors should read over the journal's [For Authors](#) carefully before submission.

Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Health, Well-being and Quality of Life**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	November 17th, 2026
Publication Date	January 2027
