

Special Issue on

Digital Health, Informatics and Healthcare Innovation

Call for Papers

Digital Health, Informatics and Healthcare Innovation is an interdisciplinary field exploring how digital technologies and health information systems can transform healthcare delivery, research and management. It covers artificial intelligence, health data analytics, electronic health records, telemedicine, digital therapeutics, clinical decision support and connected health technologies. The field aims to improve healthcare quality, accessibility, efficiency, patient outcomes and personalized care while addressing emerging challenges in digital transformation and healthcare innovation.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Digital Health, Informatics and Healthcare Innovation**. Potential topics include, but are not limited to:

- Clinical Informatics, Data Science & Predictive Analytics
- Clinical Decision Support Systems
- Artificial Intelligence and Machine Learning in Healthcare
- Health Informatics and Health Information Systems
- Public Health Informatics, Surveillance and Outbreak Analytics
- Digital Therapeutics and Personalized Healthcare
- Medical Imaging and AI-Assisted Diagnosis
- Electronic health records systems and management
- Telemedicine and Digital Health Technologies
- Health Outcomes and Quality Analytics
- Consumer Health Informatics & Digital Health
- Healthcare Data Analytics and Big Data
- Genomic, Multi-Omics and Precision Medicine Informatics
- Health Data Visualization & Communication
- Wearable Technologies and Remote Patient Monitoring
- Healthcare Innovation and Digital Transformation
- Healthcare Cybersecurity, Patient Data Privacy and Ethical AI Governance

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed

to be specified and the research field “**Special Issue – *Digital Health, Informatics and Healthcare Innovation***” should be chosen during your submission.

According to the following timetable:

Submission Deadline	November 28th, 2026
Publication Date	January 2027

For publishing inquiries, please feel free to contact the Editorial Assistant at submission.entrance1@scirp.org
