

Special Issue on Rehabilitation Medicine

Call for Papers

Rehabilitation Medicine focuses on a variety of topics, including: functional assessment and intervention studies, clinical studies in various patient groups, methodology in physical and rehabilitation medicine, epidemiological studies on disabling conditions and reports on vocational and sociomedical aspects of rehabilitation.

In this special issue, we intend to invite front-line researchers and authors to submit original researches and review articles on exploring **rehabilitation medicine**. Potential topics include, but are not limited to:

- Occupational therapy
- Prosthetics & Orthotics
- Speech therapy
- Sports medicine
- Physical therapy
- Neurophysiology & Neuropsychology
- Rehabilitation psychology
- Rehabilitation counseling & Telerehabilitation

Authors should read over the journal's [Authors' Guidelines](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal at [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue – Rehabilitation Medicine**” should be selected during your submission.

Special Issue timetable:

Submission Deadline	July 28th, 2015
Publication Date	September 2015
