

Table of Contents

Volume 11 Number 7

July 2023

Advancing Scientific Rigor: Towards a Universal Informational Criterion for Assessing Model-Phenomenon Mismatch

B. Menin.....1817

A Model for Droplet Evaporation

P. Mohazzabi, G. A. Richardson, G. A. Richardson.....1837

Semi-Supervised Graph Learning for Brain Disease Identification

K. P. Zhang, Y. N. Zhang, X. Y. Liu.....1846

Fuzzy Henstock-Kurzweil Triple Integral

K. S. Didier, K. N. Dany, M. K. Jean-Paul, L. N. Jean-Pierre.....1860

Quantum Dynamics via a Hidden Liouville Space

G. O. Ariunbold.....1871

Blowup of Solutions to the Non-Isentropic Compressible Euler Equations with Time-Dependent Damping and Vacuum

Y. P. Feng, H. M. Yu, W. F. Shen.....1881

Inequalities for Scalar Curvature and Shape Operator of an R-Lightlike Submanifold in Semi-Riemannian Manifold

M. Karimumuryango, D. Ndayirukiye, H.-F. Tetsing, G. Nibaruta, A. Nibirantiza.....1895

Consistent and Specific Multi-View Functional Brain Networks Fusion for Autism Spectrum Disorder Diagnosis

C. J. Zhang, C. C. Wang, L. M. Zhang, Y. L. Ma.....1914

Fault Tree Analysis of the Reliability of Electric Vehicles in India

R. Gupta.....1930

A Family of Global Attractors for the Generalized Kirchhoff-Beam Equations

G. G. Lin, B. S. Chen.....1945

The Application of Numerical Characteristics to the Distribution Characteristics of Copper in the Liao River, China

K. Zhang, X. Feng.....1964

Dirac and Maxwell Systems in Split Octonions

M. Gogberashvili, A. Gurchumelia.....1977

Dimensional Analysis for Relativistic and Quantum Outcomes

S. Tosto.....1996

Finite-Time H_∞ Control of Switched Nonlinear Systems under State-Dependent Switching

X. Y. Zhang, Y. Wang.....2053

Physical Interpretation of Electricity and Magnetism and Electromagnetic Induction

W. H. Qian.....2069

Sign-Changing Solutions for Superlinear Kirchhoff Type Problem via the Nehari Method

X. H. Duan, G. G. Liu.....2093

Exact Traveling Wave Solutions to Phi-4 Equation and Joseph-Egri (TRLW) Equation and Calogro-Degasperis (CD) Equation by Modified (G'/G^2) -Expansion Method

M. Al-Harbi, W. Al-Hamdan, L. Wazzan.....2103

Nottingham Heating, Inversion Temperature and Joule Heating

Z. Behboodi.....2121
