

TABLE OF CONTENTS

Volume 6, Number 12, December 2013

Mass deposition and fluid flow in stenotic arteries: Rectangular and half-circular models	
D. K. Mandal, S. Chakrabarti.....	1109
Preparation and evaluation of a novel antibacterial glass-ionomer cement	
L. Howard, Y. M. Weng, R. J. Huang, Y. Zhou, D. Xie.....	1117
A mutation in protein kinase C-gamma alters SNC neuron morphology and decreases synaptic vesicles in dopaminergic striatal terminals in the AS/AGU rat	
A. G. Al-Kushi, D. Russell, A. P. Payne.....	1129
A cross-sectional study on the effects of occupational noise exposure on hypertension or cardiovascular among workers from automobile manufacturing company of Chongqing, China	
S. Wang, Q. Z. Qin, L. Liu, L. L. Han, Y. Chen.....	1137
Application of Van der Pol oscillator screening for peripheral arterial disease in patients with diabetes mellitus	
J. X. Wu, C. M. Li, W. L. Chen, C. H. Lin, T. S. Chen.....	1143
A new approach for HIV-1 protease cleavage site prediction combined with feature selection	
Y. Yuan, H. Liu, G. T. Qiu.....	1155
PFP-RFSM: Protein fold prediction by using random forests and sequence motifs	
J. F. Li, J. G. Wu, K. Chen.....	1161
Conventional kinesiotherapy or Pilates mat exercises, what is more efficient for abdominal weakness? A feasibility study	
R. L. Monteiro, L. B. de Oliveira, L. A. V. Ramos, M. O. Magalhães, M. M. de Resende, B. Callegari.....	1171
Amniotic membrane as a potent source of stem cells and a matrix for engineering heart tissue	
J. C. Francisco, R. C. Cunha, R. B. Simeoni, L. C. Guarita-Souza, R. J. Ferreira, A. C. Irioda, C. M. C. O. Souza, G. V. N. Srikanth, S. Nityanand, J. C. Chachques, K. A. T. de Carvalho.....	1178
Geometry of the bandaging procedure and its application while wrapping bandages for treatment of leg ulcers	
M. P. Sikka, S. Ghosh, A. Mukhopadhyay.....	1186
