

Table of Contents

Volume 11 Number 10

October 2023

**Application Research of an Intelligent Detection Algorithm for Vehicle Trajectory
Route Deviation**

J. F. Luo, Y. D. Xing, C. Chen, W. Q. Zhang, Z. C. Wu.....1

Improvement of Counting Sorting Algorithm

C. L. Song, H. M. Li.....12

A360 Bot Framework: Empowering Smart Robotic Process Automation Solutions

S. M. Potturu.....23

Identifying Biomarkers for Diabetic Kidney Disease Using GraphSAGE Neural Network

S. G. Abenga, K. S. Olalekan, F. A. Alu, S. Y. Uyoo.....51

**A Smart Home Energy Monitoring System Based on Internet of Things and Inter Planetary
File System for Secure Data Sharing**

A. Onay, G. Ertürk, C. Kıranlı, H. Ateş, Y. E. Isikdemir.....64

**Discrete Event Simulation-Based Evaluation of a Single-Lane Synchronized Dual-Traffic
Light Intersections**

C. Calistus, O. Martin, A. Monday, E. Joe.....82

Ontology-Driven Analytic Models for Pension Management and Decision Support System

E. Joe, M. Ogharandukun, U. Felix, C. N. Ogbonna.....101

**Intelligent Sign Multi-Language Real-Time Prediction System with Effective Data
Preprocessing**

D. E. Elmatary, D. M. Maher, A. T. Ibrahim.....120

**Implementation of a Hybrid Triple-Data Encryption Standard and Blowfish Algorithms for
Enhancing Image Security in Cloud Environment**

M. Nagamunthala, R. Manjula.....135
