
Special Issue on Information Technology and Applications

Call for Papers

“Information Technology and Applications” is an academic field that studies the design, development, implementation and use of computer systems, software, networks and digital technologies to solve practical problems. It covers areas such as data management, cybersecurity, artificial intelligence, cloud computing, communication systems and technology applications across industries including healthcare, education, business, engineering and government.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Information Technology and Applications**. Potential topics include, but are not limited to:

- Data science and big data analytics
- Computer networks
- Artificial intelligence and machine learning
- Information systems management
- Human-computer interaction
- Software engineering and system development
- Database systems and information management
- Cloud computing & distributed systems
- Virtual reality (VR) and augmented reality (AR)
- Internet of things (IoT) and smart systems
- Cybersecurity & information assurance
- Computer networks and communication systems
- Mobile computing and applications
- Intelligent and decision support systems
- Robotics and automation systems
- Blockchain & decentralized technologies
- Emerging technologies and digital transformation
- Health informatics
- Enterprise systems and business information technology

Authors should read over the journal’s [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal’s [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed

to be specified and the research field “**Special Issue – *Information Technology and Applications***” should be chosen during your submission.

According to the following timetable:

Submission Deadline	September 23rd, 2026
Publication Date	November 2026

For publishing inquiries, please feel free to contact the Editorial Assistant at submission.entrance1@scirp.org
