
Special Issue on

Cloud Computing, AI and Emerging Technologies

Call for Papers

Cloud Computing, AI and Emerging Technologies explores the development, integration, and application of cloud computing, artificial intelligence and emerging digital technologies. It encompasses cloud infrastructure and services, machine learning, intelligent systems, edge computing, big data, the Internet of Things, automation and distributed computing. Research focuses on scalable and intelligent solutions, technological innovation, security, efficiency and real-world applications across industries, while addressing the opportunities and challenges of rapidly evolving digital ecosystems.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Cloud Computing, AI and Emerging Technologies**. Potential topics include, but are not limited to:

- Cloud Computing Architecture and Infrastructure
- Cloud Services and Distributed Computing
- Artificial Intelligence and Machine Learning
- Cloud AI and Intelligent Services
- Edge Computing and Edge AI
- Quantum Cloud Computing
- Internet of Things and Intelligent Systems
- Big Data Analytics and Intelligent Data Processing
- Cloud, AI and Cybersecurity
- Confidential Computing and Trusted Execution in Cloud Environments
- AI-Driven Cloud Resource Management and Autonomic Computing
- Emerging Digital Technologies and Intelligent Automation
- Multi-Cloud, Hybrid Cloud and Federated Cloud Interoperability
- Cloud-Native Architectures, Microservices and Serverless Computing
- Web protocols, APIs, & Architectural Styles
- Generative AI in Software Engineering and Systems Development
- Cloud and AI Applications and Innovation

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Cloud Computing, AI and Emerging Technologies**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	November 18th, 2026
Publication Date	January 2027

For publishing inquiries, please feel free to contact the Editorial Assistant at submission.entrance1@scirp.org
