**Special Issue on**  
**Dermatological Health and Therapeutic Care**  
**Call for Papers**

Dermatological Health and Therapeutic Care focuses on advancing research and clinical practices that enhance understanding, prevention, and treatment of skin disorders. It invites studies addressing the biological mechanisms of skin diseases, innovative therapeutic strategies, and the integration of emerging technologies such as nanomedicine, biomaterials, and digital diagnostics in dermatological care. This issue also welcomes interdisciplinary contributions exploring cosmetic dermatology, skin microbiome dynamics, and personalized skincare approaches, aiming to promote holistic skin health and improve patient outcomes through scientific and clinical innovation.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **Dermatological Health and Therapeutic Care**. Potential topics include, but are not limited to:

- Clinical dermatology
- Cosmetic dermatology
- Dermato-oncology
- Dermatopathology
- Digital and teledermatology
- Geriatric dermatology
- Immunodermatology
- Laser therapy
- Nanotechnology in dermatology
- Nutritional dermatology
- Pediatric dermatology
- Photodermatology
- Regenerative dermatology
- Skin microbiome studies
- Topical drug delivery
- Wound healing research

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

---

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - *Dermatological Health and Therapeutic Care***” should be selected during your submission.

Special Issue Timetable:

Submission Deadline	February 5th, 2026
Publication Date	April 2026

**Guest Editor:**

Dr. Duston D. Morris  
Department of Health and Wellness Coaching  
Maryland University of Integrative Health, USA
