

Special Issue on Cosmetic Dermatology

Call for Papers

Cosmetic Dermatology addresses the medical and aesthetic management of skin, hair, and related cosmetic concerns through evidence-based dermatological approaches. The topic includes skin rejuvenation, acne and acne scar treatment, pigmentation disorders, facial aging, wrinkles, skin texture improvement, hair and scalp aesthetics, injectables, laser and light-based therapies, chemical peels, and minimally invasive procedures. It also considers advances in aesthetic technologies, treatment safety, patient assessment, individualized treatment planning, and the clinical evaluation of emerging cosmetic dermatological techniques and products.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **Cosmetic Dermatology**. Potential topics include, but are not limited to:

- Skin rejuvenation
- Facial aesthetics
- Cosmetic injectables
- Botulinum toxin therapy
- Dermal fillers
- Laser dermatology
- Light-based therapies
- Chemical peels
- Acne scar treatment
- Pigmentation management
- Hair restoration
- Body contouring
- Skin tightening
- Scar revision
- Cosmetic skincare
- Aesthetic dermatologic surgery

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - Cosmetic Dermatology**” should be selected during your submission.

Special Issue Timetable:

Submission Deadline	January 12th, 2027
Publication Date	March 2027
