Publication Date: October 2018

Call for Papers

Special Issue on Cancer Chemotherapy

In Journal of Cancer Therapy (JCT, ISSN Online: 2151-1942)

Detailed information about this journal: [Indexing](#), [Editorial Board](#), [Author's Guidelines](#)

Chemotherapy is a category of cancer treatment that uses one or more anti-cancer drugs as part of a standardized chemotherapy regimen. Chemotherapy may be given with a curative intent, or it may aim to prolong life or to reduce symptoms. Chemotherapy is one of the major categories of the medical discipline specifically devoted to pharmacotherapy for cancer.

We sincerely welcome scholar and expert with relative academic backgrounds to submit original research paper or review paper to this special issue on **Cancer Chemotherapy**. Potential topics or areas include, but are not limited to:

- Treatment strategies and adverse effects
- Chemotherapeutic agents
- Induction chemotherapy and combination chemotherapy
- Adjuvant chemotherapy
- Chemotherapy efficacy and toxicity
- Drug resistance in chemotherapy
- Surgery and chemotherapy
- Chemotherapy-induced DNA damage
- Topoisomerase inhibitors
- Antimicrobial chemotherapy
- Combined chemotherapy and targeted therapies
- Chemoradiotherapy
- Cancer cell adaptation to chemotherapy

Submission Methods:

Submit a paper to this special issue or regular issue of our any journal via [Paper Submission System](#) or attach paper in an email sent to submission.entrance1@scirp.org (please indicate the name of our journal or special issue; any inquiry is also welcome).

Friendly tip: please bookmark this page in your web browser if you consider contributing to our journal or special issue in the near future.
