## Special Issue on New and Renewable Energy Sources

### Call for Papers

New and Renewable Energies, often referred to as clean energies, are clean sources of energy with much lower environmental impacts, which occur naturally and are inexhaustible in the environment.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **New and Renewable Energy Sources**. Potential topics include, but are not limited to:

- Solar energy
- Wind power
- Hydro energy
- Tidal energy
- Geothermal energy
- Biomass energy
- Wave energy
- Hydroelectricity

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - New and Renewable Energy Sources**” should be selected during your submission.

Special Issue Timetable:

Submission Deadline	October 20th, 2020
Publication Date	December 2020
