**Special Issue on**  
**Circular Economy and Sustainability**

**Call for Papers**

Circular Economy and Sustainability focuses on rethinking traditional linear models of production and consumption by promoting resource efficiency, waste reduction, and the continual use of materials through reuse, recycling, remanufacturing, and regenerative design. The field integrates environmental, economic, and social perspectives to address global challenges such as resource depletion, climate change, and environmental degradation. It examines innovative business models, sustainable materials, policy frameworks, and technological solutions that support long-term ecological balance and economic resilience. By aligning economic activity with environmental stewardship and social responsibility, Circular Economy and Sustainability aims to enable sustainable development and a transition toward more resilient and low-impact societies.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **Circular Economy and Sustainability**. Potential topics include, but are not limited to:

- Circular business models
- Circular innovation and technology
- Climate change mitigation strategies
- Eco-design and product stewardship
- Environmental policy and governance
- Green manufacturing processes
- Industrial symbiosis
- Life cycle assessment
- Renewable energy integration
- Resource efficiency and optimization
- Social and economic impacts of circularity
- Sustainable consumption behavior
- Sustainable materials management
- Sustainable supply chain management
- Urban sustainability and smart cities
- Waste reduction and recycling systems

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - *Circular Economy and Sustainability***” should be selected during your submission.

Special Issue Timetable:

Submission Deadline	April 30th, 2026
Publication Date	June 2026

**Guest Editor:**

Dr. Sk Mahidur Rahaman

Department of Agricultural Economics, Bihar Agricultural University, India
