

## Special Issue on Financial Instruments

### Call for Papers

**Financial Instruments** can be thought of as easily tradeable packages of capital, each having their own unique characteristics and structure. The wide array of financial instruments in today's marketplace allows for the efficient flow of capital amongst the world's investors. In just the past few decades, we have innovated lots of new financial instruments in order to comply with the supply changes in market. The emerging financial instrument can be greatly enhanced service function of financial institution and improved risk-aversion ability. What is more important is to promote the development and internationalization of financial market.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **financial instruments**. Potential topics include, but are not limited to:

- Types of financial instruments
- Market analysis
- Characteristics of financial instruments
- Marketing effectiveness
- Financial instrument calculation
- Development of financial instruments

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the "**Special Issue**" under your manuscript title. The research field "**Special Issue - Financial Instruments**" should be selected during your submission.

Special Issue timetable:

Submission Deadline	May 28th, 2015
Publication Date	July 2015
