

Special Issue on Economics and Management

Call for Papers

Economics and management is an interdisciplinary research about applied economics in the field of managerial economics, covering topics from to corporate finance, accounting, econometrics, banking and finance, industrial organization, macro-economics, management, micro-economics, organization studies, political economy, and economic history.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Economics and Management**. Potential topics include, but are not limited to:

- Decision sciences and managerial economics
- Entrepreneurship and governance
- Small and medium enterprises
- Multinational firms
- International business and marketing
- Strategic management
- Organizational economics
- Behavioral economics
- Banking and finance
- Macroeconomics and growth
- Applied microeconomics and management
- Econometric methods with applications
- International and development economics
- Innovation management
- Supply chain and logistics management
- Economics and human resource management
- Industrial economics and technology management
- Environment/energy economics and management

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Economics and Management**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	May 17th, 2023
Publication Date	July 2023
