

Table of Contents

Volume 5 Number 1

January 2015

Prediction of the Microstructural Variations of Cold-Worked Pure Aluminum during Annealing Process

H. R. R. Ashtiani, P. Karami.....1

Evaluation of Inverse Modeling Techniques for Pinpointing Water Leakages at Building Constructions

A. W. M. van Schijndel.....15

Prediction and Verification of Resistance Spot Welding Results of Ultra-High Strength Steels through FE Simulations

O. Andersson, A. Melander.....26
