Natural Resources (NR) is an international journal dedicated to the latest advancement of natural resources throughout the world. The goal of this journal is to provide a platform for scientists, students, academics and engineers all over the world to promote, share, and discuss various new issues and developments in different areas of natural resources .

Subject Coverage

All manuscripts must be prepared in English, and are subject to a rigorous and fair peer-review process. Accepted papers will immediately appear online followed by printed hard copy. The journal publishes original papers including but not limited to the following fields:

- Agricultural Resources
- Biological Resources
- Climate Resources
- Depletion of Natural Resources
- Earth's Natural Resources
- Forest Resources
- Land Natural Resources
- Marine Resources
- Poor & Abound in Natural Resources
- Renewable & Non-Renewable Natural Resources
- Resource Allocation
- Resources Exploit
- Resources Policies
- Resources Science
- Resource Security
- Resource Strategy
- Resource Survey
- Resources Trading
- Save Natural Resources
- Tax on Natural Resources
- Undeveloped Natural Resources
- Water Natural Resources
- Others

We are also interested in: 1) Short-Reports 2-5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data; 2) Book Reviews-Comments and critiques.

Notes for Intending Authors

Your paper should not have been previously published or be currently under consideration for publication any place else. Submit your paper electronically through the NR online system. All papers are subject to peer review. After your paper has been accepted, you must sign a copyright transfer agreement with NR. Papers accepted for publication will be available free online. A fee will be charged to cover the publication cost. Manuscripts must be written in English.
