Special Issue on Nursing and Health Sciences

Call for Papers

Nursing is a profession within the health care sector focused on the care of individuals, families, and communities so they may attain, maintain, or recover optimal health and quality of life. Healthcare is an important sector in promoting general, physical, mental health and well-being of people around the world.

In this special issue, we intend to invite front-line researchers and authors to submit original researches and review articles on exploring **nursing and health sciences**. Potential topics include, but are not limited to:

- Ambulatory care nursing
- Assessment of clinical learning
- Clinical nursing and health sciences
- Clinical teaching and learning strategies
- Community and home care
- Critical and emergency care
- Collaboration with physicians
- Patient education and counseling
- Nursing management

Authors should read over the journal's Authors' Guidelines carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal at Paper Submission System.

Please kindly specify the "**Special Issue**" under your manuscript title. The research field "**Special Issue – *Nursing and Health Sciences***" should be selected during your submission.

Special Issue timetable:

Submission Deadline	December 28th, 2016
Publication Date	February 2017
