

## Special Issue on Clinical Nephrology

### Call for Papers

Nephrology is a subspecialty of internal medicine, which mainly focuses on the diagnosis and treatment of kidney diseases. The goal of this special issue is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in the area of Clinical Nephrology.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **Clinical Nephrology**. Potential topics include, but are not limited to:

- Chronic kidney disease
- Glomerular diseases
- Kidney cysts
- Kidney failure
- Kidney infections
- Kidney injury
- Kidney stones
- Kidney and associated disorders
- Nephritis
- Nephrotic syndrome
- Pyelonephritis
- Renal transplant
- Renovascular disease
- Renal artery stenosis
- Renal tubular acidosis
- Diabetic kidney disease
- Dialysis

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - Clinical Nephrology**” should be selected during your submission.

Special Issue Timetable:

---

Submission Deadline	April 18th, 2023
Publication Date	June 2023
