

## Special Issue on Reproductive Sciences

### Call for Papers

**Reproductive Sciences** provides a multi-discipline perspective including andrology, assisted conception, endocrinology, physiology and pathology, implantation, preimplantation diagnosis, preimplantation genetic diagnosis, embryology as well as ethical, legal and social issues.

In this special issue, we intend to invite front-line researchers and authors to submit original researches and review articles on exploring **reproductive sciences**. Potential topics include, but are not limited to:

- Reproductive genetics
- Reproductive physiology
- Reproductive system
- Pregnancy and childbirth
- Prenatal diagnosis and care
- Reproductive health
- Stem cells research

Authors should read over the journal's [Authors' Guidelines](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal at [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue – Reproductive Sciences**” should be selected during your submission.

Special Issue timetable:

Submission Deadline	July 28th, 2015
Publication Date	September 2015
