**Special Issue on**  
**Gynecologic Oncology Research and Practice**  
**Call for Papers**

Gynecologic oncology is a specialized field of medicine that focuses on cancers of the female reproductive system, including ovarian cancer, uterine cancer, vaginal cancer, cervical cancer, and vulvar cancer. As specialists, they have extensive training in the diagnosis and treatment of these cancers.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Gynecologic Oncology Research and Practice**. Potential topics include, but are not limited to:

- Uterine/ Vaginal /Cervical/ Endometrial/Ovarian cancer
- HPV infection and prevention
- Hysterectomy and surgical approaches
- Cancer during pregnancy
- Molecular biology and genetics
- Immunology and pathology
- Radiotherapy and chemotherapy

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Gynecologic Oncology Research and Practice**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	November 21st, 2019
Publication Date	January 2020
