

Special Issue on Schizophrenia Treatment and Management

Call for Papers

Schizophrenia Treatment and Management is a specialized area of mental health care focused on the diagnosis, therapeutic intervention, and long-term support of individuals living with schizophrenia. It encompasses pharmacological approaches, including antipsychotic medications, alongside psychosocial therapies such as cognitive-behavioral therapy, family support, and social skills training. The field aims to reduce symptom severity, prevent relapse, and improve overall functioning and quality of life. Integrated care strategies also address co-occurring medical or psychiatric conditions, emphasizing personalized, evidence-based treatment plans and continuous monitoring to support recovery and social reintegration.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **Schizophrenia Treatment and Management**. Potential topics include, but are not limited to:

- Pharmacological therapy
- Antipsychotic medication management
- Cognitive-behavioral therapy
- Family psychoeducation
- Social skills training
- Psychosocial rehabilitation
- Early intervention programs
- Crisis and relapse management
- Case management and care coordination
- Occupational therapy for schizophrenia
- Peer support and counseling
- Comorbid condition management
- Community-based mental health care
- Long-term maintenance therapy
- Neurocognitive rehabilitation
- Recovery-oriented care planning

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - Schizophrenia Treatment and Management**” should be selected during your submission.

Special Issue Timetable:

Submission Deadline	July 28th, 2026
Publication Date	September 2026
