

Table of Contents

Volume 13 Number 4

August 2023

Modeling Cyber Loss Severity Using a Spliced Regression Distribution with Mixture Components	
M. Sun	425
Are Voters Mind Static? Statistical Analysis of Unremitting Shift of Mind of Ghanaian Voters (2016-2020)	
S. K. Obeng, P. K. Nyarko, K. S. B. Quansah	453
A Comprehensive Guide for Selecting Appropriate Statistical Tests: Understanding When to Use Parametric and Nonparametric Tests	
S. J. Abdi	464
Non-Regular Example of Confidence-Interval Construction	
J. Vrbik	475
Adaptive Conditional Hazard Regression Modeling of Multiple Event Times	
G. J. Knafl	492
Partial Time-Varying Coefficient Regression and Autoregressive Mixed Model	
H. Li, Z. Q. Cao	514
Appropriateness of Reduced Modified Three-Parameter Weibull Distribution Function for Predicting Gold Production in Ghana	
S. K. Obeng, C. C. Nyarko, L. Brew, K. S. Nokoe	534
Fitness of Four-Parameter Beta Distribution Function for Forecasting Gold Reserve and Its Production Lifespan in Ghana	
S. K. Obeng, C. C. Nyarko, L. Brew, K. S. Nokoe	568
Exploring the Impact of Factors Affecting the Lifespan of HIVs/AIDS Patient's Survival: An Investigation Using Advanced Statistical Techniques	
C. I. Ezeilo, E. U. Umeh, D. C. Osuagwu, C. K. Onyekwere	595
Shape Measures for the Distribution of a Qualitative Variable	
J. Moral de la Rubia	620
Interrupted Time Series Analysis of Military and Civilian Regimes in Nigeria: A Statistical Evidence from Gross Domestic Product (GDP)	
D. C. Bartholomew, G. U. Ugwuanyim, U. C. Orumie, F. A. Egwumah	636
