

## TABLE OF CONTENTS

Volume 3 Number 5

September 2013

**Livestock Antibiotic Effects on Nitrification, Denitrification, and Microbial Community Composition in Soils**

S. Banerjee, E. D'Angelo.....203

**Characteristics of Soil Organic Carbon, Total Nitrogen, and C/N Ratio in Chinese Apple Orchards**

S. F. Ge, H. G. Xu, M. M. Ji, Y. M. Jiang.....213

**Geostatistical Analysis of Soil Nutrients Based on GIS and Geostatistics in the Typical Plain and Hilly-Ground Area of Zhongxiang, Hubei Province**

Y. B. Xu, D. L. Dong, G. B. Duan, X. T. Yu, Z. W. Yu, W. Huang.....218

**Comparison of Methods to Remediate Compacted Soils for Infiltration and Vegetative Establishment**

M. A. Haynes, R. A. McLaughlin, J. L. Heitman.....225

**Physicochemical and Biochemical Reclamation of Soil through Secondary Succession**

K. Haripal, S. Sahoo.....235

**Spatial Based Assessment of Land Suitability and Availability for Maize (*Zea mays* L.) Development in Maros Region, South Sulawesi, Indonesia**

Nurmiaty, S. Baja.....244

---

The figure on the front cover is from the article published in Open Journal of Soil Science, 2013, Vol. 3, No. 5, pp. 225-234 by Matthew A. Haynes, Richard A. McLaughlin and Joshua L. Heitman.
