

Special Issue on Cognitive Psychology and Human Cognition Call for Papers

Cognitive Psychology and Human Cognition is an interdisciplinary field examining the mental processes underlying human thought, perception, learning, memory, attention, language, reasoning and decision-making. It explores how individuals acquire, process, store, and use information and how cognitive processes influence behavior. The field integrates psychological, behavioral and neuroscientific approaches to advance understanding of human cognition and its applications in education, healthcare, technology and everyday life.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Cognitive Psychology and Human Cognition**. Potential topics include, but are not limited to:

- Attention and Cognitive Control
- Memory and Learning
- Perception and Sensory Processing
- Language and Cognitive Processing
- Reasoning and Problem-Solving
- Decision-Making and Judgment
- Executive Functions
- Cognitive Development
- Lifespan Memory Development
- Working Memory and Cognitive Processes
- Social Cognition
- Emotion and Cognition
- Cognition and Personality
- Metacognition and Self-Regulated Learning
- Cognitive Neuroscience
- Human Intelligence and Cognitive Abilities
- Cognitive Aging
- Creativity and Innovative Thinking
- Cognitive Biases and Heuristics
- Computational and Artificial Cognitive Models
- Clinical Cognitive Psychology
- Cognitive Behavioral Therapy
- Cognitive Impairments
- Cognitive Training and Enhancement

-
- Cognitive Psychology in Education
 - Applied Cognitive Psychology and Human–Technology Interaction

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Cognitive Psychology and Human Cognition**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	January 19th, 2027
Publication Date	March 2027
