

Special Issue on Cosmetic and Plastic Surgery

Call for Papers

Cosmetic surgery focuses on enhancing the facial and body appearance, the key goals of which are improving aesthetic appeal, symmetry, and proportion. Plastic surgery is dedicated to the reconstruction of facial and body defects due to birth disorders, trauma, burns, and disease, which can involve both a person's appearance and ability to function.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **Cosmetic and Plastic Surgery**. Potential topics include, but are not limited to:

- Allografts
- Cleft lip
- Rhinoplasty
- Breast enhancement
- Facial rejuvenation
- Body contouring
- Skin rejuvenation
- Breast reconstruction
- Burn repair surgery
- Congenital defect repair
- Lower extremity reconstruction
- Hand surgery
- Scar revision surgery

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - Cosmetic and Plastic Surgery**” should be selected during your submission.

Special Issue Timetable:

Submission Deadline	September 28th, 2016
Publication Date	November 2016
