

Special Issue on Orthopaedic & Trauma Surgery

Call for Papers

Orthopaedic & Trauma Surgery is an academic topic that focuses on the diagnosis, treatment, and surgical management of musculoskeletal disorders and injuries. It encompasses a wide range of conditions related to bones, joints, ligaments, tendons, muscles, and nerves. Orthopaedic surgeons specialize in surgical interventions such as joint replacements, fracture fixations, spine surgeries, and sports-related injuries. The field also involves trauma surgery, which addresses acute musculoskeletal injuries resulting from accidents or trauma. Research in this area aims to improve patient outcomes, develop innovative surgical techniques, and advance the understanding of musculoskeletal disorders.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Orthopaedic & Trauma Surgery**. Potential topics include, but are not limited to:

- Arthroplasty
- Foot and ankle surgery
- Spine surgery
- Sports medicine and orthopaedic surgery
- Trauma and fracture surgery
- Musculoskeletal oncology
- Musculoskeletal infection management
- Orthopedic rehabilitation
- Orthopaedic imaging and radiology
- Joint preservation and cartilage repair
- Orthopaedic trauma research and management

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Orthopaedic & Trauma Surgery**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	April 2nd, 2024
Publication Date	June 2024

Scientific Research
Open Access

Surgical Science
ISSN Online: 2157-9415
