**Call for Papers**

# **Voice of the Publisher (VP)**

ISSN 2380-7571 (Print) ISSN 2380-7598 (Online)  
<https://www.scirp.org/journal/vp>

**Voice of the Publisher (VP) is a multi-target publication that allows authors a free choice of subject for discussion and presentation. The goal of the journal is to provide a platform for scientists, researchers and practitioners in industry, and in natural, humanitarian, juridical, political and medical sciences as well as to broad auditoria of authors.**

## **Editor-in-Chief**

**Dr. Ilia Brondz**

Norwegian Drug Control and Drug Discovery Institute, Norway

We are also interested in: 1) Short Reports—2-5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data; 2) Book Reviews—Comments and critiques.

## **Notes for Intending Authors**

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.

## **Website and E-Mail**

<https://www.scirp.org/journal/vp> E-mail: [vp@scirp.org](mailto:vp@scirp.org)

## ***What is SCIRP?***

Scientific Research Publishing (SCIRP) is one of the largest Open Access journal publishers. It is currently publishing more than 200 open access, online, peer-reviewed journals covering a wide range of academic disciplines. SCIRP serves the worldwide academic communities and contributes to the progress and application of science with its publication.

## ***What is Open Access?***

All original research papers published by SCIRP are made freely and permanently accessible online immediately upon publication. To be able to provide open access journals, SCIRP defrays operation costs from authors and subscription charges only for its printed version. Open access publishing allows an immediate, worldwide, barrier-free, open access to the full text of research papers, which is in the best interests of the scientific community.

- High visibility for maximum global exposure with open access publishing model
- Rigorous peer review of research papers
- Prompt faster publication with less cost
- Guaranteed targeted, multidisciplinary audience
