<http://www.SciRP.org/journal/wja/>

The World Journal of AIDS is an international journal uniquely devoted to HIV/AIDS with an objective to provide the best quality information, research data and education on all aspects of HIV/AIDS that help in better understanding of HIV/AIDS and improve the quality of patient care. The journal aims to foster the exchange of information among all the health care professionals associated with HIV/AIDS. By publishing the most relevant research articles of high quality, within a peer-review process, it aims to provide with most important, relevant and applied research that is helpful to improve patient care.

Subject Coverage

The journal publishes original papers including but not limited to the following fields:

- **Diagnosis of HIV/AIDS**
- **Epidemiology of HIV/AIDS**
- **Opportunistic Infections in HIV/AIDS**
- **Pathogenicity of HIV/AIDS**
- **Political Economy of HIV Infection/AIDS**
- **Prevention of HIV/AIDS**
- **Treatment of HIV/AIDS**
- **Virology & Immunology of HIV/AIDS**

We are also interested in: 1) Short reports—2-5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data; 2) Book reviews—Comments and critiques.

Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
