

TABLE OF CONTENTS

Volume 2, Number 1, February 2012

Laser evoked potential: Analysis of the methodology in post herpetic neuralgia	
A. Caminiti, A. Zaccaro, A. Truini, W. Raffaelli, D. D. Grandis.....	1
Clinical and pharmacological properties of new oral anticoagulants for the prevention of cerebral thromboembolism: Factor Xa and thrombin inhibitors	
Y. Winter, R. Dodel, A. Korchounov, M. Grond, W. H. Oertel, T. Back.....	7
Acetylcholine participates in pain modulation by influencing endogenous opiate peptides in rat spinal cord	
J. Yang, Y. J. Pan, Y. Zhao, G. Z. Lu, L. Lu, D. X. Wang, J. C. Wang.....	15
Immunocytochemical identification and distribution of the cell types in the pituitary gland of <i>Bagrus bayad</i> (Teleostei, Bagridae)	
M. A. Mousa, N. A. Khalil, A. M. Hashem.....	23
Neuroimmunological response in HIV-associated Guillain-Barre syndrome: A case report	
I. M. Iglesias-González, A. J. Dorta-Contreras, B. Padilla-Docal, M. Victoria-Garcia, R. Junco-Calzadilla.....	32
Visual acuity evaluation in children with hydrocephalus: An electrophysiological study with sweep visual evoked potential	
S. A. Pereira, M. F. Costa.....	36
Attention deficit hyperactivity disorder secondary to lesion of the basal ganglia	
G. Mazzotta, L. Cirulli, M. Sposato, D. Serino.....	44
Inner speech, secondary planner in Tower of London task in natural old age	
M. Atabati, N. Jahangiri, N. Mokhber.....	47

The figure on the front cover is from the article published in World Journal of Neuroscience, 2012, Vol. 2, No. 1, pp. 23-31 by Mostafa A. Mousa, Noha A. Khalil and Amal M. Hashem.
